

AQUATIC SPORTS COURTS

The **aQuolley® Beach** is a patented, portable, and adaptable aquatic sports court, engineered for straightforward setup in shallow lake, sea, or pool settings.

Designed for teams of 1 to 6, it reimagines sports like volleyball, badminton, and beach tennis for water, generating excitement and thrills.

Suitable for all ages and skill levels—up to 12 individuals can participate simultaneously, regardless of gender or age.

Two layouts are offered: the single-court version caters to competitive play among advanced participants, while the double setup suits families and novice players.

Space needs vary from 10 x 6 meters to 16 x 8 meters, with a maximum playing surface of 12 x 6 meters. Optimal water depth ranges from 0.7 to 1.3 meters.

KEY FEATURES

Adjustable Setup

Adaptable to player counts and skill levels. Reconfigure in 2-8 minutes by adjusting modules.

Easy Access

Lift boundary lines for easy court entry/exit.

Durable Design

Lightweight build withstands weather and moderate water movement. 5-minute storm protocol available.

Rapid Setup/Relocation

Assemble/relocate without special tools, in 45-120 minutes. Line module: 2-5 minute install/uninstall.

Simple Maintenance

Quick part replacement with modular design.

Pool Customization

Net post and base mobility tailored to site and client needs.
